Re: Pyrite Work Costs

Dear Brendan,

I refer to correspondence to you dated 29th November and your response dated 5th January regarding the above matter.

At the meeting of the Finance Strategic Policy Committee held on 19th January 2017, it was noted that a report was not available. The SPC members requested that being a priority issue, a report should be presented to the next meeting of the SPC scheduled for Thursday 16th March 2017 @ 3.00pm.

As set out previously, the report should:

- Confirm the impact, if any, to Dublin City Council of the recent introduction of classifications on the severity of pyrite by the National Standards Authority of Ireland and the Pyrite Resolutions Board,
- An update on the advancing of claims with the relevant insurance companies,
- An update on progress made by Dublin City Council with the Department of Housing, Planning, Community & Local Government regarding funding for these works.

In addition, it was requested at the meeting held on 19th January that the following information be provided in the report to the meeting scheduled for 16th March:

- An outline of the numbers of units identified as having pyrite related issues and an assessment of likely movements to the numbers identified in the future,
- Confirmation of funding related to pyrite related works in the Ballymun Regeneration Ltd (BRL) area.

It was further agreed that the report requested by Councillor Reilly at the City Council meeting held on 9th January relating to funding received in respect of BRL claims should be issued to all SPC members.

Yours sincerely,

Kathy Quinn
Head of Finance
With Responsibility for Information & Communications Technology
