Needle stick injury procedures	3
Customer feedback	3
Up close & personal	4

The St Patricks Day Festival is an event which attracts tens of thousands of international visitors to Dublin City each year.

For Waste Management, this is an event which requires a high degree of planning to ensure the Parade

profile tourist locations such as the Guinness Storehouse and Teelings Whiskey Distillery.

Night shift crews worked throughout the weekend focusing on core city centre locations before and after the parade.

centre and for the cleanup operation post parade.

From a cleansing perspective, this was the most successful St Patricks Day Festival to date. This was noted in a report published Sunday 18th March by the Journal.ie
