

**The Chairperson and Members
South Central Area Committee**

**Part VIII Planning Application for the proposed Hurling Wall and Crèche Extension at
Willie Pearse Park, Crumlin, Dublin 12, (Plan Ref No. 2391/19).**

Parks and Landscape Services lodged a Part VIII planning application concerning the proposed works described above. The project will comprise of:

The demolition of the existing Dublin City Council depot building and yards and the construction of a new floodlit hurling practice pitch, enclosed by a hurling wall, fence and ball stop netting.

The construction of a new single storey crèche adjacent to the Crumlin Childcare Centre with a fenced garden enclosure onto Willie Pearse Park, Windmill Road, Crumlin, Dublin 12.

Plans and particulars of the proposed development were available for inspection or could be purchased from 1st March 2019. Submissions or observations in relation to the proposed plan were also invited and the deadline for receipt of these was 4.30pm on Monday 15th April 2019.

Following the passing of the above deadline, no observations were received in relation to the application.

As approval of a Part VIII application is a reserved function of the City Council, it is now our intention to bring the proposal to the June City Council Meeting for formal approval, therefore the South Central Area Committee is being updated in respect of this Part 8.
