

Cabra Glasnevin Area Report
October 2019
Open Day – O'Devaney Gardens Project

Wednesday 2nd October 2019 4pm to 8pm Community Centre Prussia Street, Dublin 7

St Finbar's Court Development

Dublin City Council is holding a consultation session with local residents regarding the building work on the site of St Finbar's Court, Cabra, Dublin 7. The proposed development is for senior citizen accommodation.

All residents are invited to participate.

Venue: Sancta Maria Day Centre, Kilkieran Road 3rd October at 7pm

Walsh Rd/Ferguson Rd

DCC officials met on site with members of the Drumcondra Triangle Residents Association to discuss proposals for traffic measures to resolve long standing concerns. Residents are happy with the proposals and work will commence in Q.4 after a tender is completed.

Ventry Park Meeting -

A large turnout of residents produced lively discussion on what they would like to see or not see in any upgrading of Ventry Park. It is fair to say that opinions were divided over a range of issues depending on people's interest and concerns e.g. security, play facilities. The landscape architect will now prepare a number of options and the team will present these to residents again later this year. One idea being explored is the possibility of taking some residents on a tour of other parks in the city that have been revitalised.

Cabra Glasnevin Autumn Community Activities Report.

After a good summer, several major events and a considerable number of smaller local events were held successfully, with the support of the City Council.

Gazebos, tables and sound systems were in continuous use, following up on our street flower promotions in May throughout the entire area.
