Motion to rescind Report 332/2019 voted upon and passed on the November 4<sup>th</sup> 2019 monthly meeting of Dublin City Council:

That the members of this council agree to rescind Report 332/2019 Housing Land Initiative (O'Devaney Gardens development) due to, inter alia, the late delivery of the report for members' consideration, the misinformation circulated about the report which preceded the vote, the unanswered questions posed during the meeting regarding whether or not said report had materially changed, the chaotic scenes in which the vote was conducted and the subsequent doubts raised about the legality of not only the vote itself, but also the so called "deal" with the developer and the intervention in the process by the Minister for Housing, Planning and Local Government.
