## Community Grants Scheme 2020

---

On an annual basis, Dublin City Council provides support through grants to a range of resident, community, environmental, and festival groups throughout the city. The 2020 grant application process began in the latter months of 2019 and each Area Committee received its individual area based report outlining the grants recommended. The 2020 scheme closed on 8<sup>th</sup> November 2019 and 1,081 valid applications were received. 888 grants were recommended. Each of the area committees approved all grant reports earlier this year.

The total amount recommended was €879,650.00 that comprised €300,000.00 for local Area projects, €86,500.00 for Informal Adult Education projects, €123,900.00 for the Tom Clarke Bridge Grant Scheme, €140,000.00 for Summer Projects, and €229,250.00 for City Wide and Social Inclusion Grants. The grants budget for 2020 was approved by the City Council as part of the annual budgetary process. Set out also in this report are details of the applications which have a City Wide, Social Inclusion and Integration remit together with recommendations in relation to the amount of grant assistance for each applicant body.

This work/process was seriously interrupted by the arrival of Covid-19 and the approved reports from the Area Committees were not submitted to a full City Council meeting. Much of the activity that was the focus of these grants was also interrupted by Covid-19 and have not taken place and will likely not now take place. In addition, Dublin City Council's normal sources of income have been very seriously undermined by Covid-19. There is an argument to be made therefore that the 2020 community grants recommended should be cancelled for 2020.

On the other hand Covid-19 has put major pressure on communities throughout the city and many voluntary groups have been very much to the fore in assisting those most vulnerable in our communities, including the elderly. Their work and support is now even more crucial as communities return to the "new" norm of physical distancing and restricting activity etc.

The community groups outlined in this report will now be more relevant and more required than before. Therefore, I am recommending that City Councillors approve this report subject to:

1. All groups being contacted by Dublin City Council community staff to see how the grants recommended can be used for purposes related to Covid-19 recovery etc.;
2. All groups being able to demonstrate the need for such grants in light of the restrictions (Covid-19) placed on their activities over the last few months and into the future;
3. That payments recommended may be cancelled or reduced accordingly for 2020 in light of 1 and 2 above.
