Re: Funding the Maintenance of Dublin City Council's Road Network.

Dear John,

At the meeting of the Finance Strategic Policy held on 24th June 2020, Dermot Collins, Acting Executive Manager, presented his report to the Committee Members on the funding issues around the road maintenance budget. I wish to thank you, Dermot and Bernard for the preparation of this report which was very much welcomed by the members. At the meeting the following actions were noted:

- a) This report would issue to the Minister for Transport, Tourism and Sport for consideration.
- b) It was agreed that a report would be brought to a future meeting of the Committee identifying the factors having impact on maintenance, such as the length and breadth of the carriageway, volume of traffic, type of traffic, local factors and any other relevant factors for more equitable funding.

I wish to confirm that your report has been sent on to the new Minister for Climate Action, Communications Networks and Transport, Eamon Ryan and I attached a copy of the Chair Séamas McGrattan's letter for your records.

I would wish that this report, outlining in greater details the many issues that impact on the maintenance of our roads network, would go to the meeting of the Finance SPC scheduled for Tuesday 8th September. I would appreciate if you would advise on the feasibility of this. Alternatively the report could be presented to the meeting scheduled for Tuesday 3rd November 2020. The deadline for submission of reports for the September meeting is Friday 28th August or for the November meeting is Friday 16th October 2020.

I look forward to hearing from you.

Yours sincerely,

Kathy Quinn
Head of Finance
With responsibility for ICT
