

SMART D8

A Smart Dublin District

Comhairle Cathrach
Bhaile Átha Cliath
Dublin City Council

ST. JAMES'S
HOSPITAL
James's St, Dublin 8, Ireland.
Tel E-353-17 418 3000

Smart D8 is an exciting and innovative collaborative initiative with a purpose to investigate how smart processes can utilise digital technologies and smart planning strategies **to improve citizens' health and well-being in Dublin 8.**

We will focus on a people-centric approach with the engagement and active participation of the D8 community at its core.

Smart D8 Lead Partners

Dublin City Council's South Central Area Office

Smart Dublin

The Digital Hub Development Agency

St James's Hospital

Part of the Smart Dublin Ecosystem

Smart Dublin is an initiative of the four Dublin Local Authorities to use new technologies to improve services and enhance quality of life in the Dublin Region

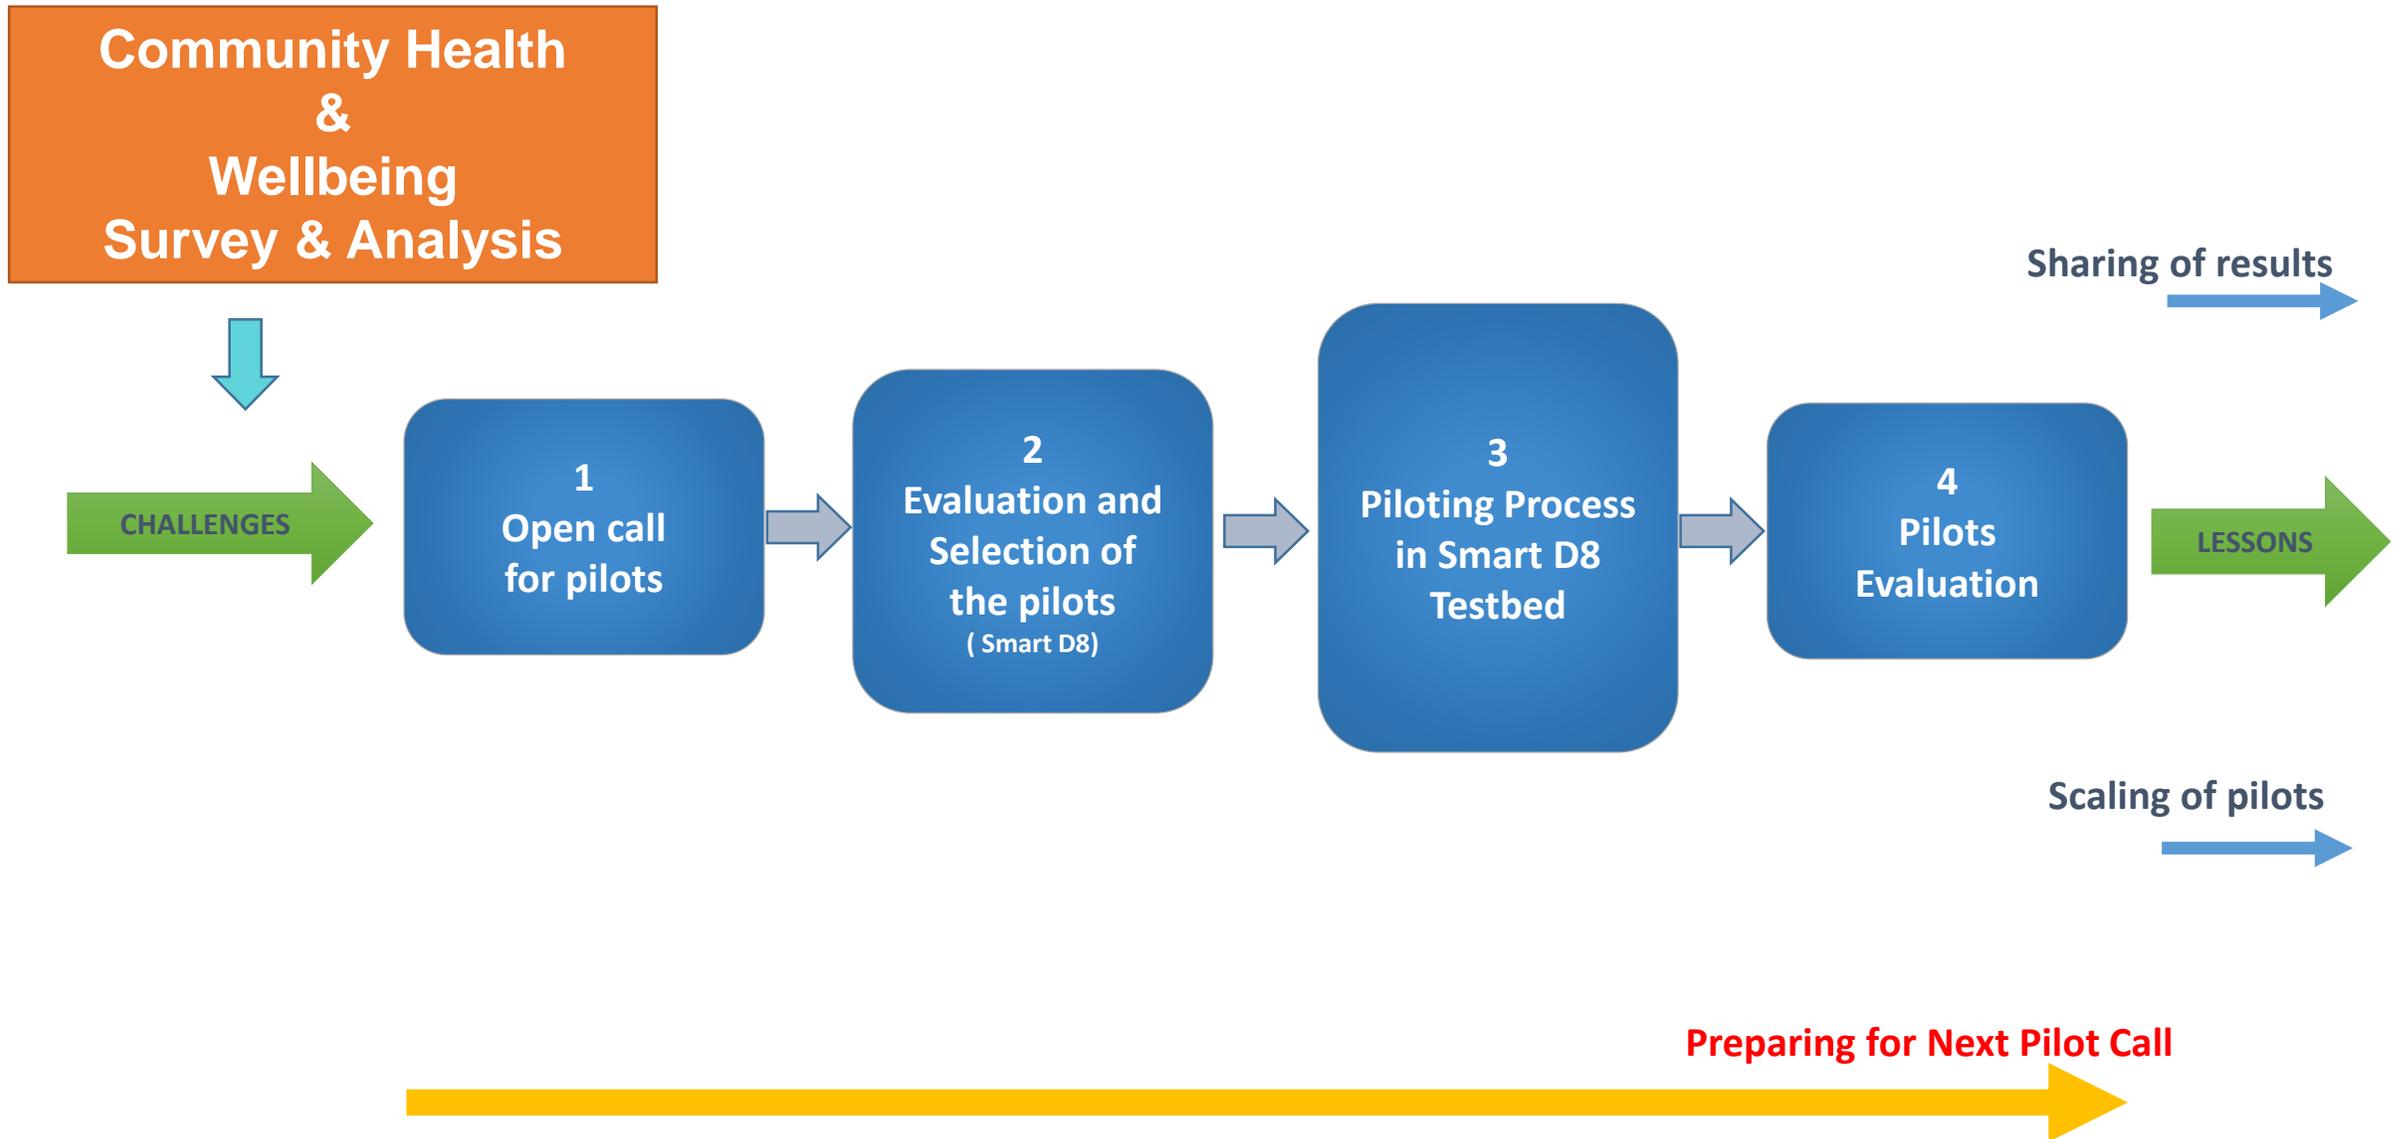

Smart Districts, under the **Smart Dublin** programme, are strategically selected geographical locations where targeted smart city projects are implemented

Smart Districts are developed through a partnership model as per the **quadruple helix framework**; bringing together industry, academia and citizens, anchored by local government through Smart Dublin

Smart D8 Partners – Quadruple Helix Model

Smart D8 Pilot Process

Smart D8 is a 2-Year Pilot Programme

- **November - December 2020** - Community Health & Wellbeing Survey & Analysis
 - **27th January 2021** – Smart D8 Launch
