| 29   | 7017117 |        | FITZMAURICE ROAD (NW)      | No Parking                  | .I would request that the situation on Fitzmaurice road also be reviewed. At present cars drive up onto the footpath to park with no consideration for pedestrians - this is a safety risk as you have to watch vehicle movements on an area that should be protected for pedestrians. In addition the footpath surface as a result is very poor with a number of large potholes. Drive in spaces would provide much more car parking capacity while reducing the width of the footpath therefore discouraging vehicles on the "footpath". | 30/09/2020 | 2      |

Cars coming from Melville road stop on the roundabout and cars coming from the other end of Jamestown cannot get in. Most cars from Jamestown then take up a position as if there are two lanes to continue down Jamestown road . There is lots of aggression and road rage and lanes getting blocked from all approaches. It needs lights instead of a roundabout now.<br><br>Also my road - Sycamore Road could do with a 30km speed limit and speed cameras as the driving down this residential road is terrible.
