Community and Social Development Report

Cabra/Glasnevin

The Community Officers continue to manage the Covid Support line as a priority.

Local volunteers are able to cope with these requests for help, but they are tiring.

We have expanded the number of volunteers and we continue to support all community groups, senior citizens especially, during these difficult times.

However, community life continues, making plans for environmental initiatives, festivals / celebrations and other new activities later into the year.

Many meetings are held by zoom, which is proving to be a life saver.
