

Motions to the Area Managers
Central Area Committee meeting

9th March 2021

Item 1

Motion in the name of Councillors Declan Meenagh and Dermot Lacey

That this Central Area Committee, noting that there is a clear alternative Liffey Quays route around Beresford Place, agrees that it would be desirable to close that part of the Custom House Quay immediately in front of the Custom House to vehicular traffic on Saturdays and Sundays, for a trial period of one year to see if it could provide a new civic amenity space.

Item 2

Motion in the name of Councillor Declan Meenagh

That this Central Area Committee notes the impacts social isolation can have on people with dementia and their carers, and that this Committee calls on the Area Office to make available council facilities in the area, for social activities run for people with dementia and their carers.

Item 3

Motion in the names of Councillor Colm O'Rourke and Councillor Ray McAdam

That this Area Committee calls on the National Transport Authority (NTA) to make use of the unutilised lands north of Mount Bernard Park for community use. Furthermore, we call for the NTA to report back to this Committee with an update on this.

Item 4

Motion in the name of Councillor Cat O'Driscoll

That this Area Committee agree to write to the OPW to request the immediate improvement of toilet facility availability in the Phoenix Park, seven days a week in keeping with Level 5 restrictions.
