139	7014759		SWIFT'S ROW (C)	TAG General Engineer Query	The footpaths on Swift St are extremely narrow and lacking in kerb drops for people with poor mobility. There is no reason for 2 lanes of traffic there. I understand that one lane filters into a car park after the traffic lights, but even after that, there is no need for 2 lanes. Also, having a car park shouldn't dictate the road layout.	30/04/2020	2

141	7014816		AMIENS STREET (C)	TAG General Engineer Query	Since the introduction of the bus lane around Custom House Quay it was resulted in one less lane when one crosses over the bridge from the north side to South side. As a result there is a miss alignment of the lanes when one crosses from the R105 to the R802 which is forcing cars to merge lanes where there is no requirement to do so as there are sufficient lanes and resulting in unnecessary traffic. If the lanes were re aligned this could resolve this issue.	05/05/2020	2
