**Item 2**

**Motion in the name of Councillor Nial Ring**

That this Central Area Committee, noting the findings of the Neighbourhood Transport Scheme Preliminary Phase 3 Report and the proposals on how the East Wall Neighbourhood Scheme could be delivered, agrees that Central Area, rather than local Councillors, should arrange a survey of all residents in the East Wall Area to ascertain the support or otherwise of residents to implement Residential Pay & Display And Permit Parking Schemes on specific streets (or group of streets for smaller streets) in East Wall. Furthermore, if necessary, the Central Area should assist residents generating any petition which seeks a vote on the introduction of a new P&D scheme with signatures from at least 25% of residents who live on each road. In addition, the survey should also ask residents for their suggestions on any other traffic calming measures they would like to be assessed, such as build outs, trees, ramps or filtered permeability at specific locations.

**Item 3**

**Motion in the name of Councillor Colm O'Rourke and Councillor Ray McAdam**

That this Central Area Committee requests a full update regarding the Phibsborough Traffic Management Review and that traffic calming measures in Phibsborough be expedited.

**Item 4**

**Motion in the name of Councillor Joe Costello**

That this Central Area Committee request that Dublin City Council engage with families in the North Inner City to pilot a "plant a tree" initiative – trees could be dedicated to people from the community who have died in recent years and could be maintained by several families.

**Item 5**
