Report Noted.

- 3 Dublin City Council Speed Limit Review - Brendan O'Brien, A/Executive Management Traffic

Brendan O'Brien Acting Executive Manager Traffic Department reported to members on Dublin City Council Speed Limit review and noted that the Speed limit review was a non-statutory public consultation not a Bye-Law public consultation process. The making of bye-laws is a reserved function of the City Council.

Question from Members were answered by Brendan O'Brien in relation to the Report. While there was a lot of support for the 30KPM with regard to the safety aspect, there were concerns raised in relation to the consultation process being biased in favour of a 30KPM speed limit and the promotion of the love 30 campaign during the consultation period, there was no information on arguments against 30KPH.

Some members recommended to go to the Statutory consultation stage, 30KPH zones beneficial for residential areas and safer for vulnerable road users. Requests from some members that infrastructural changes will also be required for 30KPH to be successful, i.e. narrowing traffic lanes, chicanes, surfaces changes ramps etc., Request also for plain English to be used in all reports to communicate clearly to the public and SPC members of proposals.

Report Noted. Members request report goes back to City Council for decision.

- 4 Presentation on Shared Mobility - Dr. Brian Caulfield, Associate Professor, Centre for Transport Research, Trinity College Dublin

Dr. Brian Caulfield gave a presentation on shared mobility and answered questions from members. Dr. Caulfield noted no disability inclusion in report presented will be included. DCC committed to delivering on shared mobility, new section being set up a key element being to improve car and bike sharing schemes. Copy of presentation to be forwarded to all SPC members..

Report Noted.

- 5 E-Scooters Update - Clive Ahern, Administrative Officer, Sustainable Mobility & Projects

Clive Ahern gave an presentation on Draft Prior Information Notice for future proposed City Council E-Scooter shared schemes.

Members raised concerns regarding safety issues around dockless scooters, littering footpaths, creating trip hazards, geographic spread, training hi-viz etc..

Clive Ahern advised this process is to inform the City Council on all these issues raised by members by engaging with Operators to gain information that will inform Dublin City Council on all matters in relation to management of this type of shared scheme. Nothing can happen until Government introduce legislation on E-Scooters. Dublin City Council then propose to introduce Bye-Laws for the operation and management of E-Scooters.

Members were advised that they can submit any queries by 31st May 2021 to martina.halpin@dublincity.ie in relation to the PIN Notice. Currently awaiting Legislation for E scooters from Government

Brendan O'Brien wished Clive Ahern well on his promotion and in his new role in Housing and thanked him for his work in the Traffic Department. Members also thanked Clive and wished him well in his new role.
