**AOB:**

A discussion followed about the City Development Plan. Cllr. Cat O'Driscoll confirmed that she will be attending a working group meeting on matter before the next SPC meeting on 20<sup>th</sup> September. These meetings will be taking place monthly for the next 6 months. Ray Yeates confirmed that the input from the ACAG was represented in the Culture Chapter of the Plan and noted the importance of implementing cultural policy and ensuring that the arts are present. A suggestion was made about the possibility of forming a Cultural Forum which included prominent practitioners from the arts that could meet with city management on an annual basis and if such an ad hoc committee could be formed from the ACAG. The need for such a working group to be operational and include a focus on venue availability in the city was emphasised. Ray outlined the need for any such forum to have development meetings between partners first to ensure that a positive engagement with city managers follows.

Cllr. Cat O'Driscoll suggested that the Manchester Model, whereby a group of specialised art practitioners regularly engage with Manchester City Council, in the implementation of their City Plan could be looked at as an example of this type of forum.

Cllr. O' Driscoll concluded the meeting with the suggestion that the ACAG focus on the following 3 areas in the coming months:

1. Diversity
2. The City Development Plan
3. The membership and structure of the ACAG and SPC, particularly with a view to their gender and cultural diversity.
