1. Wheelchair accessible carousel (Product quoted has green bar and HPL deck plate)

5. Detail of Cocowave Pendulum Swing

5. Track ride Tower (Version shown is unpainted, quoted product is painted and stained)

**The Explorer Ship**  
 The Explorer ship is a magnet for children with its immensely varied play offering, above and below deck. The boarding options are endless, with planks that can be climbed vertically, nets and climbing cleats. This all trains cross-coordination and muscles. The many manipulative activities: binoculars, cannons, the wheel stimulate facility and fine motor skills and inspire hours of dramatic play. Apart from being great fun, it supports children's cognitive development and social-emotional skills. In addition to dramatic play, children develop their physical skills. Once up on deck, the children can take more ways across or down. The slide tickles the stomach and adds thrill, and it trains children's sense of space. The ship stands as a beautiful and attractive piece of Outdoor Sculpture as well as fun and functional play unit which will not look out of place in the park.
