Meeting: 14th December 2021

Item No: 14

Re: DCC Community Grants Scheme 2021

Due to the challenges posed by Covid-19 and to ensure continuity of delivery of the scheme, the Community Grant Scheme administrative process was adapted for 2021.

This enabled applications for financial assistance from a number of bodies previously successful under the City Council's Community Grants Scheme 2020.

Notably, the 2020 scheme supported a range of events, activities, services and projects where compliance with all required public health restrictions that accompanied COVID19 were demonstrable and achieved as a condition of the grant.

All 2021 applications have been assessed in the context of available finance, value to the community and compliance with the relevant policies and objectives of the Council and in particular with relevance to the Social Inclusion Strategy.

Set out below are details of the applications together with recommendations in relation to the amount of grant assistance for each applicant.

It is recommended that Dublin City Council make the grants to the groups as set out in the report below. There is provision in the 2021 budget to meet this expenditure.

David Dinnigan
Assistant Chief Executive
