3	7018214		Traffic Calming	SHANDON CRESCENT (C)	Dublin 7	Traffic calming measures due to new road surface.	Not Recommended	Shandon Crescent is residential in nature, the road itself is naturally traffic calmed, on approach to the entrance from Connaught Street, Dublin City Councils Speed Limit review 30km/hr "Slow Zone" signage is provided and as such, motorists are informed that they are entering a residential area as they turn on to the road. The provision of on street parking on the road offers natural traffic calming by significantly reducing the available carriageway width for motorists and the mature tree lined nature of the estate offers additional traffic calming and increases driver caution. As a result of the above information it is determined that Shandon Crescent does not warrant the installation of additional traffic measures.	Councillor	01/12/2020	0
