

Ard Mheara Alison a chara

Under Schedule 10 of the local government act 2001 Section 6-1(C) I would like to request a Special Meeting of Dublin City Council to discuss the following issue:

The Bartra Plan for O'Devaney Gardens and how the recent An Bord Pleanala clarification specified that apartments are not included in the directive with regards to vulture funds. And, therefore all the units in the plan could potentially be sold to cuckoo funds. This has serious implications for this development and completely looks to exclude those who want to live there affordably.

I have the support of independent Cllrs Perry, Burke and Ring and PBP Cllr Norton as well as all my group for this request.

I am requesting this meeting be held as soon as is possible.

I believe I need five extra signatures to make this official. So please see them below.

Janice Boylan
Micheál Mac Donncha
Anthony Connaghan
Garth Doonan
Maurice Dineen

Thank you

Cllr Janice Boylan PC
