11122087	Q61 NWAC 17/05/22	Sycamore Park	To ask the Manager to remove one of the road name signs at [details supplied] Details: At the entrance to Sycamore Park there are two road name signs in the grass, one at either side of the road, and an additional road name plate at the gable wall at 58 Sycamore Road. Residents would like the road name sign in the grass beside 58 Sycamore Road removed.	09/05/2022 09:12	RMS will not remove the free standing name plates unless there is a valid safety reason. The two signs at street level serve to direct motorists coming from East and West along Sycamore Road. Whilst there is a third house mounted sign, there is a large tree adjacent to number 58, which can obscure the view of this sign for oncoming motorists and pedestrians.	Resolved - No Further Action

11121331	Q15 NWAC 19.11.22	outside the shops in Shangan	To ask the Manager when the footpaths outside the shops in Shangan will be replaced.	05/05/2022 12:27	In the original 2022 footpath plan, I had included the paths from the bus stop , past the shops up to the Civic Plaza. From conversations with the local area office, this plan has been amended. There is a housing development being planned near the green area and the Civic plaza is due to be refurbished. Therefore we will hold off on this stretch until these works are completed. This is to avoid damage to new footpaths and to also see what the final scheme plans are. The section on the other side of Ballymun road (Balcurris Road) will be completed this year however.	9-Respond to Customer

11120068	Q19 NWAC 15/03/22	Glasnevin Avenue	"To ask the Manager to provide an update on the repair of the surrounds at (details supplied) At the roundabout on Glasnevin Avenue"	04/04/2022 13:20	Investigations are ongoing to establish the course of action to take on the roundabout. Glasnevin Ave is a busy impact level 3 road, which carries certain restrictions to working hours to minimise traffic disruption. To reinstate the kerb would require lane closures among other traffic restrictions. The damage to the concrete kerb surrounds does not currently pose a hazard and is primarily an aesthetic issue. As such this is currently a low priority concern for RMS.	4-Inspection Completed
11120065	Q17 NWAC 15/03/22	Jamestown Road/McKee Aveue	To ask the Manager to provide an update on the pooling of water on the carriageway outside the Barbers on Jamestown Road/McKee Avenue.	04/04/2022 13:19	An investigation revealed that an adjacent gully had become blocked. This was cleaned out to resolve the issue. From consulting record photographs, the dip in the footpath that existed prior to the new footpaths being installed was the result of localised settlement of the kerbs. There is no evidence of this being intended as a crossing point onto the path. Recent works have seen the installation of three dishing's around the perimeter of the Park. One of which is only 30m from this location.	Resolved - No Further Action

11109146	Q45 NWACM 18/05/21	106 Ballygall Road West, Dublin 11	<p>To ask the Manager to repair the potholes in the tarmac surface on the pavement at (details supplied) as the resident is keen to do work on her driveway but cannot do so until the pavement is repaired.</p> <p>Details: 106 Ballygall Road West, Dublin 11 To ask this Area Committee to support the protection of the old St. Margaret's Road which is closed off now due to the building of the North City Depot as a living heritage trail. This road is a valuable site for its heritage and biodiversity for Ballymun. It is the last of our heritage hedgerows and there is a 300yr old Ash on that site.</p> <p>This road is one of the few parts of Ballymun that still exists prior to the development of Ballymun in the 1960's. It is part of our living heritage. The old road can be part of a walking trail having an amenity, educational, heritage as well as a biodiversity value to the local communities.</p> <p>Although parts of the old hedgerow is in poor condition, with appropriate management, it can be rejuvenated enhancing its biodiversity value. It would be a great way to demonstrate how the landscape of Ballymun looked prior to the 1960's when it was a rural area. This is the last piece of the old rural roads of Ballymun which has huge living heritage value. There is so little left at this stage of Ballymun's heritage.</p>	06/09/2021 11:04	<p>A site visit was carried out in response to the query above. The footpath is in satisfactory condition, with a minor depression around an adjacent water valve. The resident may contact the Road Maintenance Service front desk if they would like to request specific works to be carried out.</p>	Enquiry Resolved

This means pedestrians cannot get past and have to walk out onto oncoming traffic.
