10	11129867	2946420	TAG General Engineer Query	BLESSINGTON COURT (C)	Dublin 7	there is no footpath, cars can block the front of the house, closing access	Recommended	Recommended – following an on-site investigation, it was found that a footpath can't be provided on Blessington Court. However, in the interest of access and egress to the premises on Blessington Court, the rescindment of the Pay and Display / Permit Parking bays in front of the entrances is recommended. 11	11132731	TRF4858€	Double Yellow Lines	GARDINER LANE (C)	Dublin 1	The entire lane needs double yellow lines or a yellow box to prevent all parking.	Not Recommended	Not recommended – following an on-site assessment, it was found that double yellow lines have been provided at strategic points to ensure access and egress from Gardiner Lane. It is not current DCC policy to provide double yellow lines where parking restrictions are already covered under existing legislation. Under Road Traffic (Traffic and Parking) Regulations 1997 section 36:2:g "A vehicle shall not be parked - in any place, position or manner that will result in the vehicle obstructing an entrance or an exit for vehicles to or from a premises, save with the consent of the occupier of such premises;" Instances of illegal or obstructive parking should be referred to Dublin Street Parking Services, DSPS (email info@dspis.ie or tel. no. 01 602 2500) or An Garda Síochána for enforcement.	Member of the Public	10/02/2023	0
12	11132763	TRF4859€	Speed Ramps	BOTANIC AVENUE (C)	Dublin 9	request speed ramps on Botanic Avenue.	Not Recommended	Not recommended – following an investigation, Botanic Avenue is traffic calmed with 11 No. speed ramps. These speed ramps are spaced at appropriate distances so as to achieve optimal traffic calming. Furthermore, signalised pedestrian crossings, on-street parking and narrow traffic lanes all act as passive traffic calming measures, helping to maintain safe speed on Botanic Avenue. As such the area engineer does not recommend further traffic calming on Botanic Avenue at this time.	Member of the Public	10/02/2023	0
13	11133305	TRF4894€	Disab Park Bay Residential	MANOR PLACE (C)	Dublin 7	outside 14.	Recommended	Recommended – The area engineer recommends the provision of a Disabled Parking Bay opposite No. 14 Manor Place.	Internal	21/02/2023	0
14	11133554	TRF49057	Speed Ramps	KEMPTON AVENUE (C)	Dublin 7	request ramps	Not Recommended	Not recommended – following an assessment it was found that Kempton Avenue does not have a straight run of 200m. The criteria for the installation of speed ramps are as follows: •The road should have a straight run of approximately 200 metres. •The 85th percentile speed (speed exceeded by 15% of vehicles) should exceed the posted speed limit. •Traffic volumes should exceed 60 vehicles per hour. •There should be genuine road safety concerns based on accident statistics or observed road safety patterns or a written report from an Inspector of the local Garda Síochána As the criteria were not met, speed ramps are not recommended on Kempton Avenue.
