7	7038285	Bus Infrastructure	NAAS ROAD (SC)	Dublin 12	Bus Connects measures: rescind Cycle track, install Bus Lane, Continuous single line/hatched markings, Yellow Box.	Recommended	Remove existing westbound cycle lane with associated road markings and signage on Nass Road between Walkinstown Avenue intersection and Robinhood Road intersection. Extend the existing westbound bus lane on Naas Road, from its current end point to the stop line with Walkinstown Avenue intersection. Update signage to indicate the new end location of bus lane, removing older P 010 signage. Install F324 sign to indicate lane distribution. 24 Hours Monday-Sunday. Install a westbound bus lane on the Naas Road between the Walkinstown Avenue and Robinhood Road intersections. Install associated bus signage F 360 and RUS 028 (cycle symbol omitted). 24 Hours Monday-Sunday. New bus lane arrangement will provide a 3.5 metre wide general traffic lane and a 3 metre wide bus lane, in order to maintain these widths an edge of carriageway/hatched marking area to be installed for length of bus lane between Walkinstown Avenue intersection and Robinhood Road intersections. Install a yellow box in the proposed extension to the westbound bus lane on the Naas Road on approach to Walkinstown Avenue intersection. This will keep the lane clear in order to allow left turners onto Walkinstown Avenue to move from the general traffic lane of Naas Road. Yellow box to be 30 metres in length.	Internal	21/03/2024	0
